## MANAGING DIRECTOR, MALAWAT SHIP MANAGEMENT PVT.LTD.

**Basant Malawat**

*Abhilasha Foundation has been working for health, education and welfare of the poor, underprivileged and helpless children and women with fortitude. Many children live in slums of the city and are miles away from the main stream of education. The parents are illiterate and do not know the significance of education. The parents of these children move out to work as labourers in the manufacturing plants for their livelihood. Abhilasha Foundation connects these children and counsels them and enrolls them in the nearby schools. Today their parents feel proud and happy to see them learning and they dream a bright future for their children.*

*We are also supporting poor youth who aspire to be seafarer. We guide, counsel and coach them to pass the various entrance exams conducted by the Maritime Training Institutes. Last year we had sent two youths and this year we have trained 5 youths.*

*Abhilasha Foundation has done a considerable amount of work on changing the relationships between teacher and children, trying to make them more equal and embodied by mutual respect. A good education has the intrinsic value of securing a more dignified life and to create new leaders for better future of our nation.*

*Our heartfelt gratitude goes out to each one of you who have helped us in our mission to bring hopes in the lives of the underprivileged children.*

*(“A small act of goodness can nurture the dreams of future generations and give them the wings to fly.”)*

# MISSION EDUCATION

It is very important for a nation to make sure that all individuals get equal opportunities to achieve their dreams. Considering the educational standard prevailing in India. Abhilasha Foundation works to build a promising future for these children so that they become equipped enough to beat the adversities.

We work to provide the children with the best education, improve their concepts, make them aware of their rights. We also provide them with text books, school bags, water bottles, safe drinking water, stationary etc. We have helped several children to complete their engineering degree by giving them scholarships and we are supporting the students of Thakur College of Engineering & Technology.

**Challenges:** Due to the old ideologies and orthodox approach by the parents, the girl child is the most common victim among all. They are still engaged in household chores from the very tender age which exposes them to or making them work against their will to make them bindis, purses, clips etc. just to earn extra money and are sometimes denied education as they are overlooked as a burden on the family. Abhilasha Foundation counsels their parents and students to continue their education. We have set up 14 portable classrooms where children can attain education. Here the quality education is supplemented with life skills and sustainable communication skills especially in English language.

# MISSION HEALTH CARE

Health is a pillar of well being and helps an individual person to become successful and is the greatest wealth of an individual. Unfortunately there are many underprivileged children who while they are infant suffer from severe diseases and their parents do not have resources to treat them. Abhilasha Foundation has been financially supporting the below poverty line children for their open heart surgeries and treatment in various renowned hospitals and has been giving them a new lease of life. We also conduct various health camps like eye checkup, dental and general health check up camp etc. for the underprivileged children.

**Awareness Sessions:** Health care awareness programme for sanitation and avoiding diseases related to sanitation are held frequently in the slum community. Sanitary knowledge for women is also provided through lectures which are held in these centers.

It should not come as a surprise that women work more than men without getting paid a single rupee. Unfortunately, due to financial dependence and illiteracy of the women in slums they have become just a puppet of their husbands and are often subjected to violence, discrimination and are treated inferior to men daily.

Abhilasha Foundation counsel these women and educate them to realize their rights. We also make them aware that they can take their own decisions. Abhilasha Foundation's mission is to empower them by providing them skills to work their way out of poverty, care of their families and strengthen their communities.

## WOMEN WERE TRAINED IN HAIR STYLING & MAKING CLOTH BAGS

Today he is confident to speak to the donors who come to visit our centre and participate in anchoring the whole programme. Thanks to the timely intervention of Abhilasha Foundation and he has been supported with school kit, school bags, stationary, fees etc. “I want to become a Pilot and would like to complete my education and give a comfortable life to my mother who had been working so hard to educate both of us.”*

*Bharat Saligram Paliwal a student of Thakur College of Engineering & Technology, Kandivali, Mumbai was studying for Electronics & Telecommunication Engineering. His father is a farmer in Rajasthan. He has a younger brother who is studying in 12th std. His father was unable to pay his engineering fees and would have left his engineering in the middle of the session. Thanks to the timely intervention of Abhilasha Foundation and was financially supported. His parents were very grateful and thanked Abhilasha Foundation for this financial support towards the scholarship. Abhilasha Foundation "Converted Bharat Paliwal's desires into reality". Today he has become an engineer and working in Larsen & Toubro in Mumbai.*

*Master Siddhant Janardan Tambekar 2 year old boy suffering from a congenital heart disease Tricuspid Atresia. His health started deteriorating day by day and his parent's took him to Balaji Heart Hospital & Diagnostic Centre, Byculla, Mumbai. Doctors informed them that he required an urgent open heart surgery as early as possible. His father worked as a farmer in Buldhana District, Maharashtra and his mother is a house wife. His father earned only Rs. 3333/- per month. Since the entire family and his parents were dependent on him, he naturally was not in a position to bear the cost of the treatment and surgery. ## Abhilasha Foundation donates Rs 7.5 Lakhs for Kerala flood relief operations

Shri D Roy

"Humanity has many shades and is above all religion. Nothing unites a country more than the bond of humanity its citizens share," believes Abhilasha Foundation, a non-profit NGO working towards the welfare of the poor and underprivileged people of the society. It has many initiatives and accolades to its name and has now come up in a big way to help the flood affected victims of Kerala.

Kerala was reeling under the worst floods of the century. The floods have paralyzed normal life of millions of people and lakhs of people have been affected. Abhilasha Foundation management has decided to do its bit and help them. The NGO has donated Rs. 7.5 Lakhs to the Kerala Relief Fund which was handed over to Mr. Pinarayi Vijayan, Chief Minister of Kerala for the relief and rehabilitation in the flood affected areas.

Mr Basant Malawat, Managing Trustee, Abhilasha Foundation came into action

and contacted Mr A Rajshikharan Nair Special Personal Secretary to Chief Minister of Kerala and expressed desire to hand over a cheque of Rs. 7,50,000.
